The background of the entire page is a repeating pattern of interlocking, scalloped shapes. Each shape is filled with a light gray wood-grain texture. The spaces between these shapes are filled with a white marble-like texture. The overall effect is a sophisticated, high-end tile design.

Like the elegant suit of well dressed gentlemen, Sterling Row™ tiles are exquisitely tailored in both shape and color. Created from a combination of porcelain tile and marble in tones of gray, white and black, the designs of Sterling Row™ are inspired by the elegant feel of fine fabrics, the richness of burnished leather and the luxuriously appointed shops of the finest tailors in London, Manhattan and Paris. Sterling Row™ offers the look of exquisite wood and marble inlay that can be used in any space of the home, and most commercial applications, with minimal maintenance.
