V4 Color Variation

MAINTENANCE

Sealing is not required

Clean with non-abrasive pH balanced cleaner and a soft sponge

ADDITIONAL NOTES

Use in showers is limited to walls. Duquesa ceramic tiles are not recommended for countertops, exterior usage, wood-burning fireplaces, or shower floors of any kind. Fireplace installation is limited to gas fireplaces only. For installation, on shower walls, tile must be 6" to 8" above the shower floor. Please refer to TCNA guidelines and consult with your installer for proper waterproofing and sealing requirements. For further questions/information about additional usages, please consult with your installer. This product is pre-sealed. For re-sealing, use only water-based sealer. Chemical-based sealers may permanently damage the finish. Never use abrasive cleaning pads or cleaning solutions that contain bleach or ammonia as they may permanently damage the antique finish. Cleaning with a non-abrasive pH balanced cleaner and a soft sponge are recommended. Image of Acqua Blend showcases all variation present within the blend itself. Lisbon Acqua Blend is a 5-piece set where each piece is a separate 4-5/8" x 4-5/8" loose tile, not combined with a mesh backing.
