Commercial
Interior Floor

Residential
Interior Wall

Residential
Interior Floor

MATERIAL DATA

MEDIUM

V3 Color Variation

MAINTENANCE

Sealing is required prior to grouting

Clean with a damp cloth and
a gentle, non-acidic soap

ADDITIONAL NOTES

Paradigm™ Nautilus features natural stone materials. We recommend sealing all natural stone products with a penetrating sealer and sealing all porous non-polished stone (limestone, tumbled marble, etc.) prior to grouting. This prevents grout from staining or affecting the color of the stone. Stone is a natural product, and care should be taken to protect it from harsh abrasive cleaners and abrasive cleaning tools. Line drawing shows general layout and prominent pattern of Nautilus but the actual mosaic features small segments of various sizes as shown in image. For further questions/information about additional usages, please consult with your installer.
