Material Data	
HIGH	Color Variation
Grout and Sealing	
	Sealing Required
	Grout with white thinset
Cleaning and Maintenance	
	Protect from harsh abrasive cleaners and tools *Recommended:* Oceancare or Dry Treat products

Notes:

- We recommend sealing all natural stone products with a penetrating sealer and sealing all porous non-polished stone (limestone, tumbled marble, etc.) prior to grouting. This prevents grout from staining or affecting the color of the stone. Stone is a natural product, and care should be taken to protect it from harsh abrasive cleaners and abrasive cleaning tools
