ADDITIONAL NOTES

Exterior wall, exterior floor, and shower floor applications are ONLY recommended for Windsor White tiles. All other available colors are recommended for interior usage ONLY. For installation on shower floors, please refer to TCNA guidelines and consult with your installer for proper waterproofing and sealing requirements. All 6" Triangle tiles feature natural stone products. We recommend sealing all natural stone products with a penetrating sealer and sealing all porous non-polished stone (limestone, tumbled marble, etc.) prior to grouting. Stone is a natural product, and care should be taken to protect it from harsh abrasive cleaners and abrasive cleaning tools. For further questions/information about additional usages, please consult with your installer.
